new
faculty
organi-
zation

Dr. Bowers briefly outlined the process by which the business of the College will flow--according to the new organization: research and recommendations for action is the province of each committee; the Council serves as an agency for the channeling of information and responsibility; authority for decision-making rests with the Senate. The establishment of the faculty reorganization will take place during the fall term. First, the committees will be elected from divisions and departments; then the Senate membership will be fully representative, and finally the Council will be constituted.

The divisions and departments were asked to elect their members to the standing committees not later than 22 September.

Dean Hill introduced the new faculty.

summer
developments

President Critchfield commented upon several summer developments: the construction of the new language laboratories; the rehabilitation of the Student Center and the Park Avenue Building; the demolition of Lakeside and, to a lesser degree, the deficit.

Arthur
Vining
Davis
grant

The President also announced that the College has received from the Arthur Vining Davis Foundation a grant of \$50,000, the principal to be used as endowment, and the interest therefrom to create annually up to three awards to members of our faculty, based on significant contributions made during the academic year in a particular area, to reflect the appreciation of the College for outstanding efforts in teaching, research, publications, or work which contributes significantly to the improvement of the cultural, economic, or social community. A faculty member selected would be named an Arthur Vining Davis Fellow for the following academic year, with additional compensation--over and above normal salary increases-- of \$1000 to \$1500, depending upon interest earned on the endowment. The method of selecting the Arthur Vining Davis Fellows is totally in the hands of the College.

The new members of the administration were introduced.

commencement
date

Mr. Wolfe recommended that the determination of the date of commencement be considered by the College Senate. The Faculty agreed unanimously.

bookstore
study

Mr. Klappert asked for some statement regarding the progress of the bookstore study. President Critchfield announced that Mr. Zellers is currently preparing such a statement which will be presented to the Council prior to the end of 1970.

Phi
Beta
Kappa

Dr. Cochran, who is completing the Phi Beta Kappa application, requested that the Faculty inform him of any fellowships which Rollins students have received within the past three years.

The Faculty adjourned at 5:45 p.m.

Edward H. Cohen
Secretary of the Faculty
